## Top Viewing Spots for Fantasmic!

**Fantasmic!** features live entertainment with your favorite Disney characters, laser projections, fireworks, barges and an animatronic dragon that breathes real fire!

Fantasmic! can be easily seen from the center seats in the raised amphitheater. If you're okay getting a bit wet, front row seats offer a great unobstructed view.

*Guests start to line up outside the Fantasmic! gates (end of Sunset Boulevard) ~75 mins before the first show and ~40 mins before the second show (gates open early). The wait is enjoyable thanks to proper seats and entertaining cast members!*
